

Key Stage 1 - Forest Academy
Science Knowledge Organiser - All About Me

Know how to...

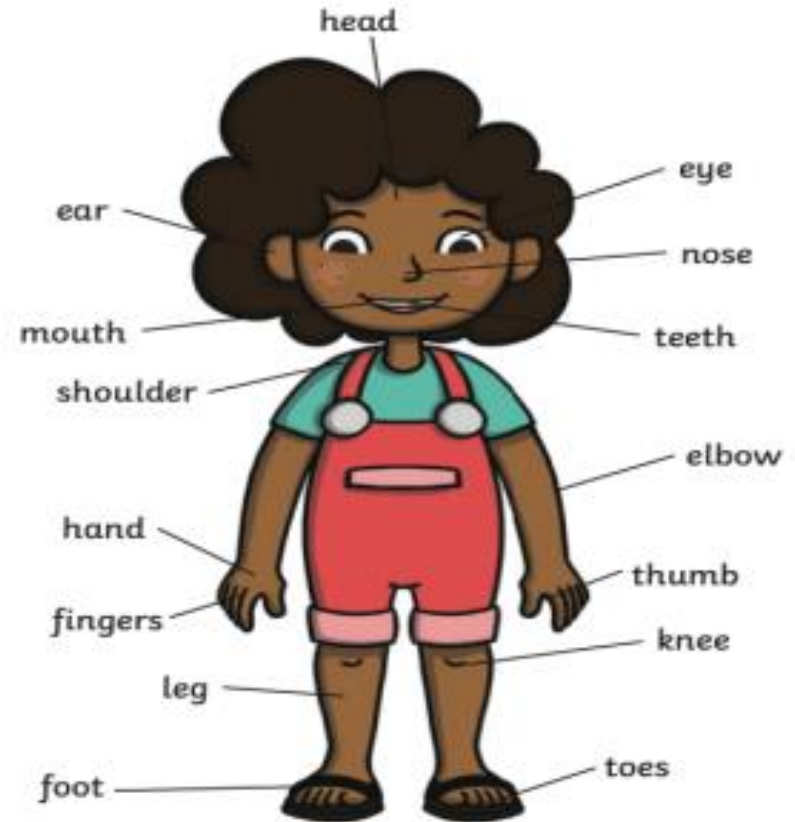

- Identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense.
- Use senses and simple equipment to make observations.
- Talk about what happens and record using words and pictures.
- Begin to record data in simple templates.

Key Vocabulary

ears	These help us hear.
elbow	These help our arms bend
eyebrows	These protect our eyes
eyes	These help us see
nose	This helps us smell.

fingers	Help us to pick up and hold things.
shoulder	These help our arms to lift up
mouth	We use our mouth to eat and talk.

Our Bodies

Parts of the Body

Our Senses

SMELL

SIGHT

TOUCH

HEARING

TASTE

sight	Your eyes let you see all the things around you.
hearing	Your ears let you listen to all the things around you. Your brain is able to tell what different sounds are.
touch	Your skin gives you the sense of touch. You can tell if something is warm, cold, smooth or rough without even looking at it!
taste	Your sense of taste comes from your tongue. You can tell if something tastes bitter or sweet. You might have some tastes you like and some you don't.
smell	You smell using your nose. Your nose can tell if things smell nice or not nice.
